MEMORANDUM

TO: Tony Gallegos, Department of Natural Resources, Oil, Gas & Mining

FROM: Tia Leber, Toxicologist, Utah Dept of Environmental Quality TMLeber

DATE: June 18, 1993

SUBJECT: Future Land Use Planning

Utah's Department of Environmental Quality, the U.S. Environmental Protection Agency and Kennecott would like to request your presence at a meeting June 30th from 8:30 to 10:30 am at the new West Jordan City Hall on 8000 South Redwood Road. We have developed a Risk Assessment Task Force to address potential clean-ups at Kennecott and near-by properties and would appreciate hearing your group's projections for future land use in this area and any concerns you may have.

The proposed format is to give each guest 10-12 minutes to present their future land use plans for the area, (e.g., zoning residential or commercial, water needs, etc.), with 3-5 minutes for questions. When you RSVP to Brent Everett or Tia Leber, please let us know if you need a slide or overhead projector, easels or other equipment for your presentation.

If you have any questions regarding this request, please feel free to call Brent or Tia at 536-4100. Thank you!

Tooele County - Earl Tate & Scott Muir
